## EDUCATION

**Zagazig University**

**Bachelor in Computer Science**

September 2019 - June 2023

- Graduated from faculty of computer and information.
- successfully accomplished all courses for Computer science.

## SKILLS

Project Management

Problem Solving

OOP

API

Clean Code

GetX

Git version control

Responsive UI design

Firebase

Solid Principles

## PROFILE

Recent computer science graduate with a focus on mobile development. Looking to leverage my Flutter and Dart skills as a Junior Flutter Developer.

Quick learner passionate about building beautiful, responsive user interfaces.

Skilled in Dart programming language and familiar with Agile development methodologies. Strong problem-solving and teamwork skills.

## INTERNSHIPS

Mobile app development internship at spark foundation

- May 25, 2023

## WORK EXPERIENCE

### *I Care*

I created I Care, a Flutter app and website that lets patients access medical history via fingerprint and doctors search for patients using fingerprint or ID. Arduino and fingerprint sensor were used, along with Firebase and clean code principles. I Care is a secure way for patients to access medical history and for doctors to locate patient records quickly.

### *Flutter E-Commerce App*

Developed e-commerce app with Flutter and Firebase, including user authentication, product listings, shopping cart, and payment functionality.

### *Chat App*

Built chat app with Flutter and Firebase, utilizing real-time messaging, user authentication, and data storage services for seamless user experience across multiple devices and platforms.

### *Restaurant (E-Commerce) App*

Created restaurant app with Flutter, implementing GetX state management, HTTP package for API requests, and clean code principles. Used (MVC) architecture for code maintainability. App allows browsing menu, placing orders and payment, and provides real-time updates for order status and notifications for seamless customer experience.

## **Courses**

The Complete 2022 Flutter & Dart Development Course

Flutter Advanced Course Bloc and MVVM Pattern [Arabic][2023].

## **Achievement**

AZ-SENCS | Computer Engineering Exhibition

First place for the project ( I care )  
the technology I used ( Flutter )
